

Completion of Evaluations and Surveys

In order to provide students with opportunities to voice their opinion of the academic programs and services, evaluations of faculty and courses are periodically sent to students in electronic format. It is important for students to fill out the evaluations as part of their responsibilities in informing the improvement of the programs. Providing quality and actionable feedback will be an important component of the daily activities of health care professionals, and student can begin practicing the skill while attending CHSU.

In addition, surveys related to research or other topics may be occasionally sent; they also require student completion. University administration monitors the frequency and type of evaluation and surveys sent to student, to space them in time and keep the numbers reasonable as much as possible. However, students are asked to understand that as an academic institution, we have a duty to report to our accreditors: student feedback and response rates are specifically monitored.
