

Student Physical Health and Health Insurance

Health Insurance

CHSU requires all students maintain personal health insurance throughout their entire enrollment. Students must provide proof of basic health insurance coverage prior to matriculation in order to be eligible to participate in any and all on- and off-campus activities and events.

Only Students having health insurance will be allowed to participate in all aspects of the curriculum including clinical clerkships, service-learning projects, program activities, and events. Students with a lapse in health in health insurance will not be allowed to participate until coverage is reinstated.

CHSU offers a student health insurance plan through Aetna Student Health. Details of Aetna Student Health can be found at <https://www.aetnastudenthealth.com>.

Supplemental Medical Insurance

CHSU has partnered with a supplemental insurance carrier to provide student supplemental medical insurance coverage for all students. The student supplemental medical insurance policy attempts to help students cover medical expenses that are incurred during CHSU academic-related activities, which are not covered by the student's personal medical insurance, such as:

- Injury or illness while participating in CHSU course(s), labs or clinical training that take place on CHSU campus or at an offsite location approved by CHSU.
- Injury or illness while participating in supervised CHSU activities.

The student supplemental medical insurance policy does not replace a student's personal medical insurance policy and students are still required to carry their own personal medical insurance. In accordance with every insurance policy, exclusions apply. If a medical injury, including a needle stick, occurs, please contact college specific Student Services for information as to whether your injury qualifies for this coverage and directions for filling out a medical claim form. The college specific Student Services is responsible for following college level procedures regarding such injuries.
